Wrek Here

56 shows still running with the fresh ear
Frees every week for the haters in the back
Now it's really gonna get clear
Going home to my twin boys we gon' scale the walls
And when I get unpacked I'll be back on wax to turn up on y'all
I'm just tryna
Find alignment catch some vibes while
On assignment no more silence while I'm rhyming I feel vibrant
While I'm climbing I feel high and
I can't come back from the highlands
Needed space then gimme sirens
No more space now I'm no island
So how many shows is too many for one man
Everybody got a limit and if so then why mine ain't come then
I'll be rocking from the sun out to sun in
If you trying to call me Ben to get close
Then I know that we're not friends
Cuz Wrek is what they calling me around here though
Anything other than that is gonna put you out as the weirdo
You know the kid with the beard and the ill flow
Fucking they head up like helmets with dildos and pelvis to pillows
My fam been missing me like a Misdemeanor
On the road trying to get believers
Been kicking tweeters while I'm sipping ether and still
They don't wanna gimme the dues man move
On the beat like fat man scoop
Don't play by the rules like cool hand Luke
Bitch bounce I been crossing the T's where the shit still counts
They don't wanna give me respect not a bit not a goddamn ounce
Well this year I'm taking deals with no fake appeals
Breaking wheels to get placement sealed
Why is ;MAYDAY! so underrated still

Gimme that gimme that pass to the fast lane
The tell bruh is I'm like melba Moore must be the last name
Hell pours out like Hale storms coming out on the last day
In the L's War I'm like sell swords here to slay for the back pay
No You don't wanna come and tangle my halo
All these Rappers battling and I feel like a dormant volcano
Well at least I'm still active
Making records for the masses
Even though the masses ain't reacting
It's cool I just keep at it for the flash it's
Better if I just sing songs y'all don't want me back on battle rap shit
Y'all don't want me snapping like elastics
Y'all don't want me turning up to drastic
Y'all don't want me showing out the classless
So I keep on writing till I'm ashes and I'm gone

This Tour is done we're going home
I'm bout to hop a flight and see my family in the morning
Thank you to everyone who came to share the energy
And all the friends I've made I'll see you on the next one
