

## Little Things

Wretch 32

Only you see this side of me don't forget  
In love when I fell it broke my defence  
I love when your hands dem lock round my dreads  
I'm big on the little things  
And if shit went left then I'll have no regrets  
Cause the diamond's time not buss down Pateks  
And it's all 'bout the balance please don't forget  
I'm big on the little things  
It's the little tings

That's why we've already won  
Gentle affection and touch  
Bear with me I'm growing up  
I just left somebodies for someone

Ah you alone' mi look after  
Like you're somebody's daughter  
I'll maybe give you a daughter (yeah, yeah yeah)  
It's the little things  
Like when you walk in the room  
Put a smile on my face  
Like you nourish my soul  
Like the food on my plate  
It's the little tings

Your belly's getting bigger  
You're taking pics in the mirror  
Still I'm so astonished that women can grow a pillar  
If home is where the heart is  
Then part of me's in your villa and  
I can't wait to meet her  
The thought of it makes me shiver  
Said I found happy  
Was only painting a picture  
Now watch the work of art  
When both our faces configure  
The insecurity killer  
I'm tryna take you to dinner  
For me you're always a pin-up  
Still the combination is the conversation  
We speak without an ultimatum exercising patience and peace  
We used to pass the blame  
But now we're cool accepting defeat  
As long as you overstand that  
Understandings all that I need

That's why we've already won  
Gentle affection and touch  
Bear with me I'm growing up  
I just left somebodies for someone

Ah you alone' mi look after  
Like you're somebody's daughter  
I'll maybe give you a daughter (ooo, yeah, yeah, yeah)  
It's the little things yeah  
Like when you walk in the room  
Put a smile on my face

It's the little things, yeah  
How you nourish my soul  
Like the food on my plate  
It's the little things

Where you ah dance  
Lay in my arms

It's the little things

It's the little things
