

# Affirmation

Written By Wolves

So listen up cos I've said this before  
And I won't, say it again when you're screaming for more  
It's time to stand up cos we are at war  
They've tried to, use violence to silence all our revelry  
We'll teach them to give second chances  
We'll teach them to call us a tragedy  
We'll show them, united, that we're here to fight it  
We won't go quietly

What happened to resistance  
The fight to stay alive  
Well we can all be heroes  
We will survive  
You cannot break our spirit  
We're not afraid to die  
So scream this affirmation  
We will survive

So get louder and shout it from the top of your voice  
It's time they heard us, we won't stop, they don't have a choice  
We are excited, united an unstoppable force  
And we will stand here against you without sympathy  
We won't be made to be the bad guy  
We're here cos we are the remedy  
So these tyrants and giants we're here to settle scores  
We are your enemy

Whoa oh oh oh  
Whoa oh oh oh oh oh

So let me make this clear  
We won't be swept aside  
Not going anywhere  
And we will survive  
We won't give into fear  
We are the rising tide  
Our time is drawing near  
We will survive

What happened to resistance  
The fight to stay alive  
Well we can all be heroes  
We will survive  
You cannot break our spirit  
We're not afraid to die  
So scream this affirmation  
We will survive
