

Forever & Always

Written By Wolves

You tell me it's alright
That everything's okay
But I can see there's something more
That you don't want to say
It's written in your eyes
Well, I can see you're scared
For some reason, I can't find the words
To take away your fear

And somehow in this moment
The world catches alight
And all I see is fire
Reflected in your eyes
And in this very moment
There's only me and you
We'll let it burn around us
And watch the world undo

If this is the end of the world
Then I want to spend it with you
There is not a single thing
That I would rather do
Than kiss you and tell you I love you
And watch it all go up in flames
Take my hand, don't say goodbye
Forever and always

Sometimes it's suffocating
You can't come up for air
But all it takes is a moment
And that can disappear
I know I can be vacant
And at times I'm just not there
But I promise you I'm trying
And this is home, I swear

Somehow in this moment
The night sky comes alive
A symphony of fire
Reflected in your eyes
And in this very moment
There's only me and you
We'll let it burn around us
And watch the world undo

If this is the end of the world
Then I want to spend it with you
There is not a single thing
That I would rather do
Than kiss you and tell you I love you
And watch it all go up in flames
Take my hand, don't say goodbye
Forever and always

Step into the dark
You know we'll make it through
Hand in hand, to hell and back

I will follow you
Step into the dark
You know we'll make it through
Hand in hand, to hell and back
I will follow you

If this is the end of the world
Then I want to spend it with you
There is not a single thing
That I would rather do
Than kiss you and tell you I love you
And watch as it goes up in flames
Take my hand, don't say goodbye
Forever and always

If this is the end of the world
Then I want to spend it with you
There is not a single thing
That I would rather do
Than kiss you and tell you I love you
And watch as it goes up in flames
Take my hand, don't say goodbye
Forever and always

If this is the end of the world
If this is the end of the world
If this is the end of the world
Then I want to spend it with you

If this is the end of the world
Then I want to spend it with you
There is not a single thing
That I would rather do
