

Give 'em Hell

Written By Wolves

This is not a drill
This is not a test
I repeat
This is not a drill
This is not a test

Take me to your leader
Let them see our
SCARS

This is not a drill
This is not a test
It might not make sense
But it's as real as it gets

Never ever
Have I ever
Thought
We'd be as close
As we are now
To Armageddon
Cross my heart
And hope to die
I'm
Not really sure
If this time we're coming out alive

Take me to your leader
Let them see our scars
You call yourselves believers
But you're just in the dark
Like everyone of us
And this is poisonous
Do you wanna break their spell
Let's go give em hell

The spot marked on your chest
Branded with an X
Is like a bullseye on your head
Chances are you'll soon be dead

Blue pill you give in
Red pill you resist
But make your mind up quick
Cause they're coming to get ya soon as it hits
Tell me will you stand up and fight or simply exist
I don't think you quite understand yet
This is not a test

Never ever
Have I ever
Thought
We'd be as close
As we are now
To Armageddon
Cross my heart
And hope to die

I 'm
Not really sure
If this time we're coming out alive

Take me to your leader
Let them see our scars
You call yourselves believers
But you're just in the dark
Like everyone of us
And this is poisonous
Do you wanna break their spell
Let's go give em hell

If they won't listen
We'll just have to scream louder

If they won't listen
We'll just have to scream louder

If they won't listen
We'll just have to scream louder

If they won't listen
We'll just have to scream

LOUDER

Woo

Take me to your leader
Let them see our scars
You call yourselves believers
But you're just in the dark

Take me to your leader
Let them see our scars
You call yourselves believers
But you're just in the dark
Like everyone of us
And this is poisonous
Do you wanna break their spell, let's go give em hell

Let's go give them hell

Let's go give them hell

Let's go give them hell
