

Oh No

Written By Wolves

Can you tell me, will this story ever end?
It's getting more insane with every line
Yet we're sitting back and watching like
Oh-oh-oh no, oh-oh-oh no
I can't look away, I swear I've tried
Even held my hand over my eyes
What is this obsession like
Oh-oh-oh no, oh-oh-oh no, oh no

Tell me when it's over (is it over yet?)
It's like a car crash and I just can't look
Away, every day more insane, we sit back and let humanity
Burn, break and decay, why can't I fucking look away?

No way there can be more now we're fine
Surely we've crossed each and every single line
Cue the hornets and the asteroids
Oh-oh-oh no, oh-oh-oh, fuck
Maybe we're just doomed by design
We'll self destruct if we're just given the time
Will we ever learn our lesson like
Oh-oh-oh no, oh-oh-oh no

Tryna look away for the millionth time
But I just gotta see what's coming next, oh no

Tell me when it's over (is it over yet?)
It's like a car crash and I just can't look
Away, every day more insane, we sit back and let humanity
Burn, break and decay, why can't I fucking look away?

Now, where to begin?
First came the fires
Then we lined up for World War 3
Listened to the liars
And their special brand of idiocy
Then came the virus
Well, hasn't that been just a treat?
And don't forget the riots
'Cause oppression's still yet to be beat

Tryna look away for the millionth time
But I just gotta see what's coming next, oh no

Tell me when it's over (is it over yet?)
It's like a car crash and I just can't look
Away, every day more insane, we sit back and let humanity
Burn, break and decay, why can't I fucking look away?

Tell me when it's over (is it over yet?)
Tell me when it's over (is it over yet?)
It's like a car crash and I just can't look
Away, every day more insane, we sit back and let humanity
Burn, break and decay, why can't I fucking look away?

It's not over yet
I've been trying to look away

But things don't change
Oh no-oh
