

Hiding in plain sight
Vampires come out from the shadows
Walking in daylight
No one's safe no more

Do we stand and fight if we know
That it ends this time?
Do we turn and run
Or will we just be running for our lives?
Are we past the point where we know
We can safely hide?
I think it's time we face our fears
And let this end tonight

You've got the taste, for blood
Bleed me dry
But you'll never break me
Why the delay
Your teeth are sharp
You can leave me to die

But you'll never break me
But you'll never break me
You'll never break me

Where do we go from here?
Have we passed the point of no return?
They're the headlights
We're the deer
And we're frozen in fear

We can stand and fight but we know
That it ends this time
We can turn and run
But then we'd just be running for our lives
We've passed the point where we know
We can safely hide
I think it's time we face our fears
And let this end tonight

You've got the taste for blood
Bleed me dry

But you'll never break me
But you'll never break me
You'll never break me

You've got the taste, for blood
Bleed me dry
But you'll never break me
Why the delay
Your teeth are sharp
You can leave me to die

But you'll never break me
But you'll never break me
You'll never break me
