

All The Rage

WSTR

A lot of people hate me in my city
They wanna see me in the boxing ring, yeah
But I ain't going nowhere, what a pity
Was never good with words so I'll sing, yeah

Fake news won't do
And if you entertain it, I don't fuck with you
But I'm not gonna lie, I'm still in love with you
So I'll get back to dying, if you want me to

Off with my head
I'll soon be dead
I'll rot amongst the earth
Are you with me?

A secret place inside my head
It might sound fun, but it sends me west
It's all the rage to want me dead
So let's go 'round again
Now I'm no fun at parties
Body's cold, I'm starving
Truth unveiled, you're not my friend
So let's go 'round again, again, again
(Fight, fight, fight, fight)
Let's go 'round again, again, again (Yeah)
(Fight, fight, fight, fight)
Let's go 'round again
(Fight, fight, fight, fight)

She tell me I'm handsome
Tell the world I'm handsy
They don't like my answer
They don't understand me
Bend the truth, dance off
Fucking with my landin'
Beat me up, cancelled
Eat it up like candy (Woo!)

Off with my head
I'll soon be dead (Yeah)
See my ups, see my downs
Haters try to tear me down

A secret place inside my head
It might sound fun, but it sends me west
It's all the rage to want me dead
So let's go 'round again
Now I'm no fun at parties
Body's cold, I'm starving
Truth unveiled, you're not my friend
So let's go 'round again, again, again
(Fight, fight, fight, fight)
Let's go 'round again, again, again (Yeah)
(Fight, fight, fight, fight)
Let's go 'round again
(Fight, fight, fight, fight)

I don't want war no more
Hit me with a pack of attacks
Why you do me like that?
What you do that for?
It's sad, yeah
'Cause you're still the one I adore
You're too busy tryna hate
Tryna seal my fate
With that mean streak of yours, yeah

A secret place inside my head
It might sound fun, but it sends me west
It's all the rage to want me dead
So let's go 'round again
Now I'm no fun at parties
Body's cold, I'm starving
Truth unveiled, you're not my friend
So let's go 'round again, again, again
(Fight, fight, fight, fight)
Let's go 'round again, again, again (Yeah)
(Fight, fight, fight, fight)
Let's go 'round again
(Fight, fight, fight, fight)

(Off with my head)
(I'll soon be dead)
Truth unveiled, you're not my friend
So let's go 'round again
