WSTR

Checked out, I'm on the ropes again
I got a nail in my head
I've been tryna find answers for all the wrong reasons
Dropping my anchor in all the wrong seasons
I had an outer body again
Forever wondering when I'll get to stay here
Still sad and everybody I know
Is cut right down to the bone, it's been a long year

So tell your friends they're jacked, tell 'em they're cracked
'Cause making people feel good don't cost nothing, stupid

Heartbreak hotel (Heartbreak hotel)
It's a place I know, oh, way too well (Way too well)
Fuck, what's that smell?
It's a rat, we need new personnel
It's a rat, we need new personnel

I've exhausted all resources
And I'm a little down on my luck
Wish I was a contortionist
'Cause these obstacles don't give a fuck
Drown myself in the bottom of a bottle
(It's been a long year, it's been a long year)
Die, cry, hate has been my motto
(I don't wanna be here, I wanna leave here)

Although the odds are stacked, don't look at the facts
Don't ever fold, go down swinging

Heartbreak hotel (Heartbreak hotel)
It's a place I know, oh, way too well (Way too well)
Fuck, what's that smell?
It's a rat, we need new personnel
Kill 'em all dead, kill 'em with fire
Not the smartest, but I can suss a liar
Heartbreak hotel
It's a place I know, oh, way too well

Na-na-na, na-na-na-na-na (It's a place I know, oh, way too well)
Na-na-na, na-na-na-na-na
Na-na-na, na-na-na-na-na
Na-na-na, na-na-na-na-na
So tell your friends they're jacked, tell 'em they're cracked
Making people feel good don't cost nothing
Although the odds are stacked, don't look at the facts
Don't ever fold, go down swinging
And don't ever look back, they don't mean jack
I gotta go damn you all to Hell

Heartbreak hotel (Heartbreak hotel)
It's a place I know, oh, way too well (Way too well)
Fuck, what's that smell?
It's a rat, we need new personnel
Kill 'em all dead, kill 'em with fire

Heartbreak hotel (Heartbreak hotel)
It's a place I know, oh, way too well (Way too well)
Fuck, what's that smell?
It's a place I know, oh, way too well (Well)
It's a place I know, oh, way too well (Well)
Cheerio, gotta go now, damn you all to Hell
