

Hide Everything Sharp

WSTR

Is it these four walls that are bringing you down?
Or the fact that I've gone, hardly ever around?
You think I'm off to the bull
That's not the case at all
Hard floor, back sores, split feelings
Have we lost all meaning?

Are we stupid?
Or just incompetent
Cos the truth is
I'm tired of doing this
Goddamn I am just a human
I seldom see the sun
Hate almost everyone

If you love ADHD I'll be your Casanova
You'll deal with the repercussions
Some of the facts that I can't get over
Hide everything sharp, leave me in the dark
With my complicated persona
If feelings could hurt, for better for worse
I'll bury my head in this closure
Ooh, yeah
I'll bury my head in this closure
But it'd be nice to know that
As the future takes shape, the scars will fade
If the history don't soil your name

Are we stupid?
Or just incompetent
Cos the truth is
I'm tired of doing this
Goddamn I am just a human
I seldom see the sun
Hate almost everyone

Are we stupid?
Goddamn I am just a human
Is it pointless?
I seldom see the sun
Hate almost everyone

Are we stupid?
Or just incompetent
Cos the truth is
I'm tired of doing this
Goddamn I am just a human
I seldom see the sun
Hate almost everyone

Are we stupid?
(I'll be your Casanova)
Is it pointless?
Yeah I mean everyone
Some of the facts that I can't get over
Goddamn I am just a human
I seldom see the sun

Hate almost everyone

Hate almost everyone

Yeah I mean everyone
