Put me on a track, I'll put his face on a shirt
Twenty five on my wrist and I've never been work
We're the best team I could never convert
Babe prayed I would change but I've never been worse
Slow down you don't know me like that buddy
Probably one of them when we light that scuddy
Got a boyfriend I don't mind that honey
I'll put that little nerd in a bin
I ain't gotta call for a thing, I got it on me right now
No I ain't playing with them
Yeah I might rap but bro I ain't nuttin like these rappers
Cause mums I ain't playing pretend

All that chit chat, what is that?
I've been gang, people know that I'm pressing if it's...
I told these niggas I'll be out here til the cows come
I'll be out here with a ting that's got a round bum
Shorty, figure looking naughty
A bad boy man, she knows I keep a .45 in the morning
I was in the field not a corn ting
If I'm being real it's a corn ting
Corn him, corn that
Mi nuh inna tark, I don't talk that
Nigga drop me off and I'll walk back
All that
