Head to the Westside  
But only with you

Take you where you gon see hella views  
Give you the best ride what you gotta lose  
Just me and my shawty in the ride  
Oh she love it when I call her mine  
Don't ask about us girl we doing fine

Kind of pussy that be coming with a suit and tie (I do)  
Girl I know you the truth  
I've seen it through your eye (ok)  
And if they windows to your soul  
I'm tryna break in and roll  
I'm tryna rummage through dem drawers  
When nobody is home  
You know

You can burst a move then we can split it  
Do you swallow pride or baby do you spit it?  
Either way just let me know (ok)  
Where you wanna go
