WSTRN

I know my city do it far, it's alright

I know you ain't good for me, but you ain't trying to let me go, oo
But they don't do it how you do to me so all they do is envy, oh, true
I fell in love just the first time
I'm feeling better for the grind everyday
I don't need her, but I need her
Da, da, da, da, da, da, (uh oh) oh, oh

I know you ain't good for me, but I don't really want to let go
I've been involved, tripping I know
Maybe it's the little things you do for me that no one else knows
Been in my zone, tripping I know

All my niggers telling me that I'm crazy
I guess I must be crazy for hitting you, right?
You stink a half a liquor of vodka, and ended up outside and ended up inside
Little did you know, well you wouldn't know (no, no, no)
This one held me down when I wasn't home (home, home, home)
Lady with a bag, oh to take for me too
I know she gonna grab me if I let it go

I know you ain't good for me, but you ain't trying to let me go, oo
But they don't do it how you do to me so all they do is envy, oh, true
I fell in love just the first time (I'm)
I'm feeling better for the grind everyday (I)
I don't need her, but I need her (yeah)
Da, da, da, da, da, da, (uh oh) oh, oh

(Okay okay, oh, listen)
Listen, I don't need her, but I want her
She said I'm a running (what?)
She said she ain't waiting any longer
Hold on, wait a sec' babe, I'm just counting some dollar
I'm a hit you back, from the back
Got my hand around the front handle
God, I married Donna
Babe, I do it proper (you know)
I told him Monday, "stopwatch charts are slowly at the top as long as that t
hem niggers know the top copper" (okay)
Believe I'm rolling with some top shotter, it's proper (okay, okay)

I only slay bitches to paint pictures
I don't need her, but I need her, there's a major difference
When I cheat, Aquafina it's a wavy sequence, but baby dig this cuz

I know you ain't good for me, but you ain't trying to let me go, oo
But they don't do it how you do to me so all they do is envy, oh, true
I fell in love just the first time
I'm feeling better for the grind everyday
I don't need her, but I need her
Da, da, da, da, da, da, (uh oh) oh, oh
