Man say I'm top 5, you better minus 4 (1)  
I got strikers to slide on yours  
Get an up nigga down, that's what I call the rise and the fall  
And the jewels, that's the icing  
I can't go broke, I can wrap writers galore  
I can slide in a war then go sing a love song, yeah I'm lightskin for sure (ay bay bay)  
But I don't even watch nothing if it ain't nothing  
It can only be something if you start something  
Have you looking both ways just like when them cars coming  
Ma buggin', I'm dussin' she want lovin'
