[Inspectah Deck:] Yo butter butter
[Method Man:] Protect Ya Neck baby

[Ghostface Killah:] Respect due pa
[Inspectah Deck:] Peace
[Ghostface Killah:] Peace
[Inspectah Deck:] Word up Wu-Tang in the house though

I guess a lot of people in ya
I guess they can feel the realness you
They could feel the vibe
And I think hip hop, that's what I be tellin a lot of people
A lot of record promoters and a lot of artists
I mean it's like, it's music that you gotta touch and feel
You know what I'm sayin'
And I think that comes across well in the video
I haven't seen you live yet, I'm waitin for the chance
But I'm pretty sure that's probably what's it like
You know you probably really get into it
I guess I hear it in your voices when you sayin the rhymes
Um, what ya say ya style is?

It's a secret! Never teach the Wu-Tang

You best protect ya neck
You best protect ya neck
You best protect ya neck
You best protect ya neck
