Who want me to show the reels? I do magic spells
Children love shootin' guns on devils kill
I want a girl that's only too meak to squeal
And Wu-Tang keep that shit concealed
Roll with me in the drug mobile
Fuck my bitches, take it on the wheel
Played it all over the world until
Wu-Tang secret now revealed
O's is killin' all people for head over heals
I'm not a 'ciple with +Little Rascals+
Villians, all attracted to my shit for man silk repellent
I'm not the well-in, white boys can't get with melon
I'm sayin' Wu-Tang is supreme to my wife and ho bitches on tour
To make sure, insure, that my wife got paid while I was ditch poor
