

## Greyhound Part 2

Wu-Tang Clan

Yo, be for real  
I was buried on a battlefield

I was buried on a battlefield  
Located near Israel  
The rest of my platoon  
was trapped upon a hill  
I heard mega...  
...yo, be for real

I was buried on a battlefield  
I heard megabombs, firearms, and more alarms  
and hand grenades, mad rage in evil ways  
My destination was to seek life  
I mean the stars were so low they appeared as street lights  
I was shown the crucifixion by two Egyptians  
There was war in heaven, I saw Christ with a Mac-11  
So I joined his army, prepare for armaggedeon... armaggedeon...

They told me this, slowly  
Taking me, into, the mental  
Orgasms, 'jacualting, stimulating, relating  
to life, incubating, rotating around light beams  
From a light beam I was formed in the white dream  
And then redeemed, like powder, out of, my maker  
Into, nature, returned, to vapor  
Killah, Priest, was born, in a pillar, of yeast  
Lost in the miscarriage  
The automatic, for marriage
