

Amen

Wulf

Stuck in the mirror with myself
Just me and I, no one else
I see it clear now, the rain is gone
It's been enough, we are done, ooh

Get up get up, head up head up
Fed up with all these games
Get up get up, head up head up
Better get out my way

Amen
To believing in myself
Halo
To the dreamers stuck in hell
When you hear them coming, demons running
And the angels fly away
Amen
To believing in yourself

A-a-amen
A-a-amen
Amen
To believing in yourself

I'm in a good place, feeling blessed
Music is beating in my chest
I got feelings, feelings, feelings playing with my head
I'm getting closer, step by step, oh

Get up get up, head up head up
Fed up with all these games
Get up get up, head up head up
Better get out my way

Amen
To believing in myself
Halo
To the dreamers stuck in hell
When you hear them coming, demons running
And the angels fly away
Amen
To believing in yourself

A-a-amen
A-a-amen
A-a-amen
A-a-amen (believing in yourself)
A-a-amen
A-a-amen
Amen
To believing in my, oh

Get up get up, head up head up
Fed up with all these games
Get up get up, head up head up
Better get out my way

Amen
To believing in myself
Halo
To the dreamers stuck in hell
When you hear them coming, demons running
And the angels fly away
Amen
To believing in yourself

Amen (amen)
Halo (oh, halo)
Amen (amen)
Oh, amen
To believing in yourself
