

Anyone Out There?

Wulf

Wait

When every little second feels just like a day
Thought I had a grip but I lost it 'long the way
And I don't wanna wake up counting my mistakes

When you hold me back
I get strength from that
And I won't let you down
I won't let you down

There's a place I go
It's where dreams get grown
And I won't let you down
I won't let you down

There's a voice in my head
And it's tryin' to get out
'Cause I got words to be said
But I choke them back down
Is there anyone out there?
Is there anyone out there?

There's a voice in my head
And it's screaming with doubt
'Cause I got words to be heard
Are you listening now?
Is there anyone out there?
Is there anyone out there?

Wait

'Cause everything's paused and I just wanna play
Didn't think twice when I got on this train
And I don't wanna wake up counting my mistakes

When you hold me back
I get strength from that
And I won't let you down
I won't let you down (won't let you down)

There's a voice in my head
And it's tryin' to get out
'Cause I got words to be said
But I choke them back down
Is there anyone out there?
Is there anyone out there?

There's a voice in my head
And it's screaming with doubt
'Cause I got words to be heard
Are you listening now?
Is there anyone out there?
Is there anyone out there?

Oh-oh

Oh-oh

I've been looking so long for somewhere to call my home
Oh-oh

Oh-oh

Did you hear what I said, am I coming through at all?

There's a voice in my head
And it's tryin' to get out
'Cause I got words to be said
But I choke them back down
Is there anyone out there?
Is there anyone out there?

There's a voice in my head
And it's tryin' to get out
'Cause I got words to be said
But I choke them back down
Is there anyone out there?
Is there anyone out there?

There's a voice in my head
And it's screaming with doubt
'Cause I got words to be heard
Are you listening now?
Is there anyone out there?
Is there anyone out there?
