

I'm Not Going Anywhere

Wulf

You've seen more than me
I can see it in your eyes
But you never speak
Just say what's on your mind
Just say what's on your mind
You struggle in silence
But I can see the noise
Don't be quiet
Don't you know you got a voice
Don't you know you got a choice

They got nothing on us
Nothing on us

You can push me away
You can say you don't care
But at the end of the day
I'm not going anywhere
You can hold up your walls
When it's too much to bear
But at the end of it all
I'm not going anywhere
I'm not going anywhere

I know your memories
Sometimes you need a light
So that you can see
Let me pull you down a star
Let me pull you down a star
I'll always remember nights that we shared
Out in the cold, smoke in the air
The stories we told, only Jupiter knows

They got nothing on us
Nothing on us

You can push me away
You can say you don't care
But at the end of the day
I'm not going anywhere
You can hold up your walls
When it's too much to bear
But at the end of it all
I'm not going anywhere
I'm not going anywhere

Hold on brother, the winds are gonna change
Hold on brother, I am here to stay

You can push me away
You can say you don't care
But at the end of the day
I'm not going anywhere
You can hold up your walls
When it's too much to bear
But at the end of it all
I'm not going anywhere

I'm not going anywhere

You can push me away, say you don't care

Hold on brother, I'm not going anywhere

You can hold up your walls, say you don't care

Hold on brother, I'm not going anywhere
