

Tearless

Wulf

Eyes shut
Going through the motions with my chin up
Always keep on walking better don't stop
You might not move again

Thumbs up
All that we are living for, so fucked up
Faking smiles, a way to take the edge off
Filter out the rain

Showing all the colors deep inside of me
Let's release it all into the air we breathe
Oh-oh-oh-oh-oh (oh-oh-oh-oh-oh)
Tearless

Wake up
There's no need to hide when eyes are black shut
Always keep on running better don't stop
You might not move again

Oh, pick up
Even though you're sick you'd better show up
I'll find another you, don't get your hopes up
'Cause no one really cares

Showing all the colors deep inside of me
Let's release it all into the air we breathe
Oh-oh-oh-oh-oh (oh-oh-oh-oh-oh)
Showing all the colors deep inside of me
Let's release it all into the air we breathe
Oh-oh-oh-oh-oh (oh-oh-oh-oh-oh)
Tearless

Face to face, but miles away
Face to face, but miles away
Face to face, but miles away
Face to face, but miles away
Face to face, but miles away
Face to face, but miles away
Face to face, but miles away

Showing all the colors deep inside of me
Let's release it all into the air we breathe
Oh-oh-oh-oh-oh
Showing all the colors deep inside of me
Let's release it all into the air we breathe
Oh-oh-oh-oh-oh
Tearless
