

Drown

Wurld

Never leave, my baby
To run around the city
Got a girl, that's enough for me
Told you, told you
You see me when you see me

Them girl say I waste my life away
Give you my best from night to day
Only you take my stress away
Soon, I gon' join your tribe, no shame

You know what I want, no time to play
Give me your love, I'll ride a wave
And you know it
You're my one obsession
You get my full attention

I don't mind
If your ride is waiting outside
Give it to me, don't you kill the vibe
Pull me close, don't let me go

Baby, oh, baby, oh
The way you love me, I gon' drown
Baby, oh, baby, oh
This kind of love gon' make her drown

Baby, oh, baby, oh
The way you love me, I gon' drown
Baby, oh, baby, oh
This kind of love gon' make her drown

Yeah, yeah, yeah, yeah, yeah
Down, we're going down
Yeah, yeah, yeah, yeah, yeah
This love gon' make her drown
Yeah, yeah, yeah, yeah, yeah
Down, we're going down
Yeah, yeah, yeah, yeah, yeah

Man, I go outside, all day for my zone
Some people waste their time, keep calling my phone
Take the keys, everything that I have is your own
Oh my god, I love it, baby, never leave you

Them girl say I waste my life away
Give you my best from night to day
Only you take my stress away
Soon, I gon' join your tribe, no shame

You know what I want, no time or place
Give me your love, I'll ride a wave
And you know it
You're my one obsession
You get my full attention

I don't mind

If your ride is waiting outside
Give it to me, don't you kill the vibe
Pull me close, don't let me go

Baby, oh, baby, oh
The way you love me, I gon' drown
Baby, oh, baby, oh
This kind of love gon' make her drown

Baby, oh, baby, oh
The way you love me, I gon' drown
Baby, oh, baby, oh
This kind of love gon' make her drown

Yeah, yeah, yeah, yeah, yeah
Down, we're going down
Yeah, yeah, yeah, yeah, yeah
This love gon' make her drown
Yeah, yeah, yeah, yeah, yeah
Down, we're going down
Yeah, yeah, yeah, yeah, yeah
