LET YOU DOWN

WurlD

Never wanna let you down
You know I never mean to let you down
Only wanna hold you down
You know I never mean to let you down

Why would you go there?
That was in the past, no dey go there
Only met her once in the hotel
I never should've met her in the hotel
I said I'm sorry with the Bentley
Why you making too many assumptions?
Only wanna love you, no be option
Now I just dey deal with repercussion
I know you won't forget it but it been so long

I need to know
I need to know where to go now
Don't need to know
Don't need to know what you've done now
I need to know
I need to know where we go now
Don't need to know
Don't need to know what you've done

Never wanna let you down
You know I never mean to let you down
Only wanna hold you down
You know I never mean to let you down

Don't even go there
Say na only work I love, I don't care
Gotta make this money, no be welfare
So why you tell your momma what we going through
I never tell my momma what we going through
Every day you nag me, I no hear
Say you hate to love me, I no hear
You run and tell your friends what we going through
Now everybody knows what we going through

I need to know
I need to know where to go now
Don't need to know
Don't need to know what you've done now
I need to know
I need to know where we go now
Don't need to know
Don't need to know what you've done

I heard some real, real sad news
I'm the last to hear the sad news
Never knew it could hurt so bad
Never knew

Why would you go there?
Never fuck your friend, never go there
And this is not a payback, you want me dead
Two wrongs don't make it right, no be contest

Two wrongs don't make it right, no be contest
Try to right my wrong, go to war for you
Try to be the man that you want me to
Anything you want, do it all for you
Anytime you call, I dey run to you

Never wanna let you down
You know I never mean to let you down
Only wanna hold you down
You know I never mean to let you down
