

# Never Alone

Wurld

Mosa yehh... mosa yehh...  
Mosa yehh... mosa yehh...

Never alone, you never alone, you never alone  
Never alone, you never alone, you never alone

Close your eyes  
And feel alive  
I'm here right by your side  
And I'll make sure you're safe and sound

Never alone, you never alone, you never alone  
Never alone, you never alone, you never alone  
Never alone, you never alone, you never alone  
Never alone, you never alone, you never alone

Just breathe...  
Breathe...  
Breathe...  
Breathe...

Mosa yehh... mosa yehh...  
Mosa yehh... mosa yehh...

Oluwa shor omo mi o de' le' o  
Mosa yehh... mosa yehh...  
Shor omo re' o de' le'  
Mosa yehh... mosa yehh...  
Oluwa shor omo re' o de' le' o

Never alone, you never alone, you never alone  
Never alone, you never alone, you never alone  
Never alone, you never alone, you never alone  
Never alone, you never alone, you never alone

Just breathe...  
Breathe...  
Breathe...  
Breathe...
