

OVERTHINKING

Wurld

Sometimes I overthink it
Sometimes I overthink it
Don't wanna overthink it now
I know overthink in love
Sometimes I overthink it
Sometimes I overthink it
Don't wanna overthink it now
I know overthink in love

I know what you thinking
I'm always overthinking
I'm caught up in my feelings
Say our love could be a game, baby, take it easy
Life can be so simple
Show me what you feeling
Be careful how I treat you
'Cause you know I wouldn't like that
I know somebody hurt you like that
Say you won't do me dirty like that
Wish I can only see you like that
Oh, well

Sometimes I overthink it
Sometimes I overthink it
Don't wanna overthink it now
I know overthink in love
Sometimes I overthink it (Sometimes I overthink it)
Sometimes I overthink it, ooh (Sometimes I overthink it)
Don't wanna overthink it now
I know overthink in love

Won't stop fighting and I know
Show me where to follow
I'm all yours for the long road
Don't leave me on the crossroads
I know you must be thinking
How long can your do this? (Do this)
No one else can take it (Take it)
Bet I put you through a lot
I know you don't deserve that
You know somebody hurt me like that
Say you would never do me like that
Wish it could be so easy like that
Oh, well

I'm always overthinking
I'm always overthinking, ooh
Don't wanna overthink it now
I'm always overthinking love, ooh

Why do we overthink in love, whoa?
Why do we overthink in love, whoa?
Why do we overthink in love, whoa?
Why do we overthink in love, whoa?
