

SADE

Wurld

Somebody seen, have you seen my SADE?
Somebody seen, have you seen my baby?
Give me a call when you see my SADE
Give me a call when you see her

All the time, all alone
Should've listened when you said you needed me
It's over now, you're colder than ice
Can't believe how you left with no warning

Darling, darling, darling
I know I drive you crazy, crazy, crazy
Darling, darling, darling
Oh, how I missed you lately, lately, lately

Somebody seen, have you seen my SADE?
Somebody seen, have you seen my baby?
Give me a call when you see my SADE
Give me a call when you see her
Somebody seen, have you seen my SADE?
Somebody seen, have you seen my baby?
Give me a call when you see my SADE
Give me a call when you see her

I don't know why
I'm still in denial
You'll always be mine
Nobody better for you than I
Don't do it, no, no
Don't give my love away to another
Don't let nobody else get closer
Don't let it happen
And I know it makes me selfish

Darling, darling, darling
See how you make me crazy, crazy, crazy?
Oh, darling, darling, darling
Oh, how I missed you lately, lately, lately

Somebody seen, have you seen my SADE?
Somebody seen, have you seen my baby?
Give me a call when you see my SADE
Give me a call when you see her
Somebody seen, have you seen my SADE?
Somebody seen, have you seen my baby?
Give me a call when you see my SADE
Give me a call when you see her

It gets lonely, lonely, lonely
It gets lonely, lonely, lonely

Somebody seen, have you seen my SADE?
Somebody seen, have you seen my baby?
Give me a call when you see my SADE
Give me a call when you see her
