

# TOXIC

Wurld

Had enough, had enough  
Had enough of your love  
Had enough, had enough  
Had enough of your love

Why you always toxic?  
Gave you enough of my love  
What you want from me?  
You know your love is toxic  
I want you with me all the time but I wonder  
Why you gotta be toxic?

Chill, why you keep tripping (Tripping)  
Why you out here tripping (Tripping)  
Give me a reason (Reason)  
You say I'm out here busy (Busy)  
'Cause every time you see me (See me)  
There's bitches all around me (Around me)  
But they not really with me at all

I need a moment that's all  
My phone on do not disturb  
Sipping my gin on the rocks  
Oh yeah, yeah

Why you always toxic  
Gave you enough of my love  
What you want from me?  
You know your love is toxic  
I want you with me all the time but I wonder  
Why you gotta be toxic?

Ooh, ooh you getting petty  
You came out here to play me  
You act like you don't see me  
Been acting extra Friendly  
Hol'up is that a hickey  
And know you got me thinking  
You do it all to keep me at home

I came out here alone  
I'll end up leaving alone  
Just need sometime on my own  
Oh yeah, yeah

Why you always toxic?  
Gave you enough of my love  
What you want from me?  
You know your love is toxic  
I want you with me all the time but I wonder  
Why you gotta be toxic?

Yeah-  
You've been tripping  
You say that I've been missing, yeah  
Seeing what you into  
It's messing with my mental

Ever since you came back in my life  
Everything I did was with you  
You made me uncomfortable  
Seeing me number two  
Had enough of your love  
Now I guess, I'm done with you, yeah

Had enough, had enough  
Had enough of your love  
'Cause baby I had enough  
Had enough, had enough  
Had enough of your love  
'Cause why you always, gotta be toxic?

Why you always toxic?  
Gave you enough of my love  
What you want from me?  
You know your love is toxic  
I want you with me all the time but I wonder  
Why you gotta be toxic

'Cause baby I had enough  
'Cause why you always gotta be toxic?
