You wanna put a gun to my head and turn that ceiling red
Well, I won't let you steal my soul
Goddamn lonely, just leave me alone

And pull my strings like I'm your puppet
Make me scream 'til I scream out, "Fuck it"
What makes me so goddamn special?
When I'm your angel, you're my-

What makes me so goddamn special?
When I'm your angel, you're my devil
