

# Don't Wanna Say Goodnight

Wyatt Flores

Hit me like a lightning strike  
When she gave me that kiss goodbye  
Watching your sunburnt lies  
Playin' games within my mind

Wonder if you're comin' back again  
Didn't know it would feel like this  
Like a missin' piece of my heart  
Comes back to me when you're in my arms

You wake me up like the sun in the mornin'  
Can't get enough like a summer rain pourin'  
Now I'm chasin' those crazy green eyes  
Every time I lean in and close mine  
Edge of the earth, girl, you got me free fallin'  
Runnin' red lights every time that you're callin'  
I know you gotta go with that sunrise  
But I don't wanna say goodnight

Now I'm sleepin' on the couch again  
Too drunk to make it to my bed  
Watchin' that ceiling fan spin  
Just like you do inside my head

Lord knows  
I ain't ever felt so alone  
As I do when we are apart  
Till you're back here in my arms

You wake me up like the sun in the mornin'  
Can't get enough like a summer rain pourin'  
Now I'm chasin' those crazy green eyes  
Every time I lean in and close mine  
Edge of the earth, girl, you got me free fallin'  
Runnin' red lights every time that you're callin'  
I know you gotta go with that sunrise  
But I don't wanna say goodnight

You wake me up like the sun in the mornin'  
Can't get enough like a summer rain pourin'  
Now I'm chasin' those crazy green eyes  
Every time I lean in and close mine  
Edge of the earth, girl, you got me free fallin'  
Runnin' red lights every time that you're callin'  
I know you gotta go with that sunrise  
But I don't wanna say goodnight

Don't wanna say goodnight  
Don't wanna say goodnight  
Goodnight  
Don't wanna say
