Dance my pain away, I've got problems
Dance my pain away, I've got problems
It's like woah, woah
Woah, woah
It's like woah, woah
Woah, woah

Now listen to my story
Bill collectors on me
Have to file bankruptcy
Need some help from somebody
Doctor's bills are stacking up
I'm desperate to make a buck
I played the lottery today
Won't you please wish me luck

Dance my pain away, I've got problems
Dance my pain away, I've got problems
It's like woah, woah
Woah, woah
It's like woah, woah
Woah, woah

I just got laid off today
Whatcha think my wife will say
I just have to hope and pray
Rain, rain, go away
The repo man just hit me
I can't get from A to B
Fake friends around me
Lord, wontcha help me!
Now I'm on my tippy toes
Face down, eyes closed
Face down, eyes closed
Face down, eyes closed

Dance my pain away, I've got problems
Dance my pain away, I've got problems
It's like woah, woah
Woah, woah
It's like woah, woah
Woah, woah
It's like woah, woah
