

I Know the Law

Wye Oak

In order
To preserve the myth
I will answer
according to it
I speak
In it's passages
And it keeps me
safe In my skin
In order
To preserve the myth
I will answer
from inside of it
And in this life
See the truth that I can not deliver
But you are waiting for
It is already lost
In order
To preserve this life
I have giving my life
President over yours
For love
Fully aware
And deserving
Of no reward
And even so
It is still together or apart
Light a little fire
So you can feed it in the dark
But
I know...
