

Over and Over

Wye Oak

Here in the glow I am immobile
How did he run over and over
Wax is a typical reminder
Flames you into all your anger

Fate watch
Re-combed and washes and repeats itself

Here when the best of us are cloudy
He really was sometimes a stranger
You say you built it in our image
How I fear we'd speak a broken language

Fate watch
Re-combed and washes and repeats itself
Go on
I can't let go no more, no

Here in the glow I am immobile
I let it run over and over
