

Please Concrete

Wye Oak

I can please concrete by walking
But you're not hearing
What I'm saying, when I'm talking
I always think I'm right
I'm all right

I can teach the street by guessing
When the hosts are not exactly where I'm stepping
Go in and knowing where, not over there

And I can touch TV by looking
But you're spading at three colors system failing
We see red, yellow, blue not maroon
We see red, yellow, blue

I can please concrete by walking
But you're not hearing
What I'm saying, when I'm talking
I always think I'm right
I'm all right
I only said goodnight
