

Siamese

Wye Oak

I know my place
It's a place I've never been though
Flat like rain
In a picture of a window
It's OK
It's alright
I walk on late at night

I keep my key
Out my clothes between my fingers
Don't look back
Hit him right between the eyes

You couldn't scare me if you tried
'Cause I'm ready to die tonight

His life and mine
Keep together like babies
Siamese
Like you've got me on a line
'Cause if you leave
Or if I leave you
I lose my life
And lose you too

So you couldn't scare me if you tried
'Cause I'm ready to die tonight

Turn it in
You're not sure what you're taking
You're not prepared
For what you're taking on
And if it works like every night
You'll turn away without a fight

So you couldn't scare me if you tried
'Cause I'm ready to die tonight
