

## A Lighter Shade of Blue

Wynette Tammy

You walked out so many times  
And left me with a worried mind  
Confused alone, not knowing what to do  
Then you come back and I forgive  
And heartaches end but memories live  
Each time I turn a lighter shade of blue  
Cause I don't hurt the way the way I used to hurt  
Don't cry the way I used to cry  
Could it be a sign I'm gettin' over you  
There'll come a day, it won't be long  
You'll come back and find me gone  
Each time I turn a lighter shade of blue  
I don't hurt the way I used to hurt  
Don't cry the way I used to cry  
Could it be a sign I'm gettin' over you  
There'll come a day, it won't be long  
You'll come back and find me gone  
Each time I turn a lighter shade of blue
