

If It Ain't Love

Wynette Tammy

One-sided love affairs you can bet I've had my share
They seem to come and go just like the wind
And with every sad goodbye every tear I cry
It gets harder to fall in love again

I could stop and look no further forget about another
But that would be a foolish thing to do
Will love stay or say goodbye I'll never know if I don't try
So I'll take my chances with you

If it ain't love what do I see in your eyes
If it ain't love what a remarkable disguise
If it ain't love someone's sure foolin' me
If it ain't love it sure ought to be

Down every lonesome highway I never fail to find
A heartache waitin' somewhere down the line
But in spite of all the heartaches I see somethin' in your eyes
That makes me wanna try love one more time

If it ain't love what do I see in your eyes
If it ain't love what a remarkable disguise
If it ain't love someone's sure foolin' me
If it ain't love it sure ought to be

If it ain't love it sure ought to be
(If it ain't love if it ain't love if it ain't love)
