

Love Overdue

Wynette Tammy

It seems I'm always settin' myself up for a phone
Sometimes I wish that I could end it once and for all
I keep payin' but I never get the love from you
Yes I keep payin' for love overdue

Love overdue now I wish it wasn't true
But it always cost you more than I get from you
You keep saying you love me but the feelings don't come true
And I keep payin' for love overdue

Maybe if I lost you I would finally win
At least I'd have the chance to be my old self again
I should collect what's left in me and start life without you
Instead of payin' for love overdue

Love overdue now I wish it wasn't true
But it always cost you more than I get from you
You keep saying you love me but the feelings don't come true
And I keep payin' for love overdue
Yes I keep payin' for love overdue
