

Old Reliable

Wynette Tammy

Easily you said goodbye to me so easily
I don't think you care at all how a you hurt me
You left so easily
Someone new once again you found you someone new
But there'll come a day she'll turn her back on you
And you'll come back to me

Back to ole reliable that's who I am to you
One you come runnin' to cause you know I love you
When your world falls apart you fall back to mine
And ole reliable takes you back one more time

Broke your heart just like I knew she would she broke your heart
Just I tried to tell you from the start
But you just wouldn't see
Like before and now like all the other times before
It won't be long til you'll be at my door
Comin' back to me

Back to ole reliable that's who I am to you
One you come runnin' to cause you know I love you
When your world falls apart you fall back to mine
And ole reliable takes you back one more time

When your world falls apart you fall back to mine
And ole reliable takes you back one more time
