

Woman to Woman

Wynette Tammy

If you think you've got your man
In the palm of your hand
You better listen
And if you think you've got it made
And his love will never fade
You better listen

She's out there too
And she's a whole lot better looking
Than me and you
But she can do things to a man
You never dreamed a woman can do

If you think you'll keep your man
With a gold wedding band
You better listen
And if you sitting there at home
Thinking how you turn him on
You better listen

She's sweet when she talks
And she bounces all over
When she walks
And she's forgot more about a man
Than your sweet mama ever told you

I'm talking
A woman to woman
Heart ot heart
I'm singing straight, to you
Just woman to woman

Right from my heart
And you can take it or leave it
Oh, but its true
A woman to woman
Me to you
