Wynne

Don't ask me questions 'bout my past life  
I know they won't beep me 'til I flatline  
Tripping if they thinking that they can have mine  
You not staying long, boy, you should pack light

Fuck you think they outside for?  
'Cause I be high, high, high, high, woah  
And I don't get much impressed, so what you trying for?  
Please don't make assumptions, I been tired  
Check the time, I gotta be-

Flying down the I-5  
Got my radars on in the nighttime  
I can't find them on the sidelines  
Peeling out before they ever get beside mine  
Got me like-

Ha, ha, ha, whatcha thinking?  
Need a lot, lot, lot by the weekend  
Then we, "Ha, ha, ha" when we leaving  
Feeling hot, hot, hot, she's a demon

And I can't say bye before I rollout  
Lay me up on the foldout  
He wanna cross me, boy, don't make me bring the toll out  
I'm the type to suck the soul out (Demon)  
Then I get the dough, no Tollhouse  
Don't get outta line, it's sold out  
Be there when I'm there, don't hold out

Fuck you think they outside for?  
'Cause I be high, high, high, high, woah  
And I don't get much impressed, so what you trying for?  
Please don't make assumptions, I been tired  
Check the time, I gotta be-

Flying down the I-5  
Got my radars on in the nighttime  
I can't find them on the sidelines  
Peeling out before they ever get beside mine  
Got me like-

Ha, ha, ha, whatcha thinking?  
Need a lot, lot, lot by the weekend  
Then we, "Ha, ha, ha" when we leaving  
Feeling hot, hot, hot, she's a demon

I'm gonna rip that mask off and see what he looks like
