

## In The Mood

Wynne

Top two, not two, ayy  
Tell me what I gotta do, ayy  
Double shot of the D'USSE  
Money put me in the mood, ayy  
Money put me in the mood, ayy  
Money put me in the mood, ayy  
Money put me in the mood, ayy  
Money put me in the mood, ayy

I been in the mix like Chex, not giving two F's  
And the labels tryna keep me in the scope like Geffen  
Sign on the check, need three, shout Heff  
Wine by the bottle and we getting deep like Stephen  
Wasn't gonna tell you 'bout last night, but I went out and it still wasn't 1  
it as my session  
I was in the bathroom kissing on, damn, think he plays for the, hmm, I'm not  
taking no questions  
I've been like this since Slim was the real one, that's what everybody think  
I got a deal from  
Throwing punches at me, I don't feel none  
Still haven't dropped, where the fans get a meal from?  
Yelling, "Feed us," at me like they been up in the womb  
Okay, here it is, bada-bing, bada-boom  
I was grabbing on his stick like vroom  
I been running this shit, what's new?  
Ayy, tell 'em I'm-

Top two, not two, ayy  
Tell me what I gotta do, ayy  
Double shot of the D'USSE  
Money put me in the mood, ayy  
Money put me in the mood, ayy  
Money put me in the mood, ayy  
Money put me in the mood, ayy  
Money put me in the mood, ayy

Haven't heard from you in months, I know you're not tryna hit me to get on a  
guest list  
I used to hit you for that, the downgrade is crazy, speak of my exes  
Stop tryna call my phone, it's blocks on blocks like I'm playing Tetris  
With a European now and he got a yardstick, you know, metrics  
Fuck it, whatever, he just want me 'round his pole like a tether  
He gotta get out the desert, want me in a ring, but I'm light as a feather  
I'm dodging, I'm weaving, I'm bobbing, I'm scheming  
Dive in this ocean he lost in the deep end  
You hear the beat, if it's knocking, it's Felix  
Ice on me, but I don't chill, I'm just heated, uh  
Yeah, he a player, but he can't get Wynne  
Call me nanny, I'ma sit that kid  
Put on any beat and I'ma rip that bitch  
Ass so fat, how I get this thick?  
Five times two, I'm bad as they come  
Hearts on him, make that GARÇON COMME  
Uh, that's how we do it where I'm from  
I make that shit go dumb  
Tell 'em I'm-

Top two, not two, ayy  
Tell me what I gotta do, ayy  
Double shot of the D'USSE  
Money put me in the mood, ayy  
Money put me in the mood, ayy  
Money put me in the mood, ayy
