

Snooze

Wynne

We gon' break it down for y'all one time
It's a vibe

I knew you were a lie when I first met you
Why do I look for the exception?
Push me away like you're bench pressing
Can you let me talk for like ten seconds?
I gotta give it to you
I was spoonin' you like chicken noodle
'Cause you're acting sick like you're skipping school
If you miss this pussy, go and get a pool
And, baby, I know it won't be the same
Your stomach sinks when you see my name
Broke my heart like I broke a hundred when I bought you weed and let you keep the change
Wish I could say I got no regrets
But your side chick gave me side effects
And if I had a dime every time what I'm saying went over your head I could buy a jet
But the joke never lands so we carry on
Could've run me a diamond like Barry Bonds
All of your friends getting married off
You're the type to go throw in the terrycloth
Falling short, not to get specific
Gotta stand on it 'cause I'm gettin' sick of sitting
Pulled me then you pulled a Tristan
When you see me next you gotta pay admission

But you're broke, lame
Say it again
Boy, you're broke, lame
Say it again
Boy, you're broke, lame
Say it again
Say it again, uh
Say it again, uh

Saying "Last night was a movie" on IG and hoping that people believe you
'Cause you ordered a bottle or repasado and drank it until it was see through
And you got six comments from all of your boys filling you up on that diesel
I try to pull all the lame out but you're like a Shiba the way that it's Inu
I defended you to all my girls, baby
Even when you were the worst, baby
Your head's been up in your ass so long
I wonder if you're going stir crazy
Twisting my words, baby
What happened to my respect?
I believed in you from the get-go
I'm disappointed, I'm not upset
And that's how you fumbled your first baddie
Slim waist with a big fatty
Dancing on somebody new while my music carries the club like a golf caddy
I was on point like it's ballet
Someday this'll be passé
And I'll move on and get richer and hotter
But at the end of the day you're still

But you're broke, lame
Say it again
Boy, you're broke, lame
Say it again
Boy, you're broke, lame
Say it again
Say it again, uh
Say it again
