Lessons To Learn

Wynonna Judd

My life isn't what I thought But I can't change What was given to me Oh, yes I didn't think It was my best But life gives us a test OF LESSONS TO LEARN LESSONS TO LEARN

SO, we don't know When angels assist us The day we're born There is no way to know What God has in store Just pray thaqt God Will keep us in His hand There are LESSONS TO LEARN

It took me many years to accept You know life is a gift Yes, it can be good or bad So, we've come along way Yes, when I say There were lessons LESSONS TO LEARN

Everything happens for a reason Don't question and learn the lesson There are LESSONS TO LEARN

It's best not to look back Trust and know You did your very best Believe in yourself And just keep a smile You have survived Yes, you passed the test There were LESSONS TO LEARN
