Devastation

X Ambassadors

Give me total devastation
Give me total devastation

Fuck me up
I come untethered
We make love like
The sky's fallin' like it's Armageddon

Give me love, give me pain
Till I'm cryin' out your name
On fire together
I'm yours forever

I don't wanna be broken
If it's only skin-deep
And I don't wanna play it cautious
Lay my body in the street
Keep pullin' my heart-strings, pushin' my extremes
Watchin' my world crash down
Baby I can take it

Give me total devastation
Give me total devastation

Me parte el corazón con solo verte
Lo prefiero si sales de mi mente
Tu palabras me llenan con corriente
Corre por mis vanas no me dejes

Quiero tu amor
Quiero dolor
Me halas
Me rompes
Con ganas
Dame eso o na
Quiero eso o na

I don't wanna be broken
If it's only skin-deep
And I don't wanna play it cautious
Lay my body in the street
Keep pullin' my heart-strings, pushin' my extremes
Watchin' my world crash down
Baby I can take it

Give me total devastation
Give me total devastation

Give me love, give me pain
Give me total devastation
