I walk the line  
I don't know where I'm going  
But I feel fine, I walk the line  
Still my heart aches  
I miss the love, the hurt  
Your words are pain, yeah my heart aches

So I'll walk a little longer (I'll walk a little longer)  
This city don't show no friends (this city don't show no friend  
s)  
My family wonders about me (my family wonders about me)  
I wonder where this road ends (where this road ends)

In the morning far  
I drink my coffee, kids laughing on the block  
In the morning far, I wish you were here, yeah  
You're scared and lonely, you're lonelier every year  
I wish you were here

So I'll walk a little longer (so I'll walk a little longer)  
This city don't show no friends (this city don't show no friend

My family wonders about me (my family wonders about me)  
I wonder where this road ends (where this road ends)

So I'll walk a little longer (so I'll walk a little longer)
