

LOVE

X Lovers

You smile, oh, when you see me lookin'
And I know just what you've been cookin'
'Cause I see in your eyes
See in the temporary disguise you're wearing
Your style, oh, like the king of Rome
Oh, you take my heart like something you own
'Cause I, I'll follow you blind
I'll follow you
Time and time until you're mine...

Oh, baby be my love
Oh, baby 'cause you're all I want
Oh, baby be my love today
And forever and ever, ayee
Oh, baby be my love
Oh, baby 'cause you're all I want
Oh, baby be my love today
And forever and ever, ayee

You smile, oh, when you see me lookin'
And I know just what you've been cookin'
'Cause I see in your eyes
See in the temporary disguise you're wearing
Your power like the king of Rome
Well, you take my heart and you take my soul
'Cause I, I'll follow you blind
I'll follow you
Time and time until you're mine...

Oh, baby be my love
Oh, baby 'cause you're all I want
Oh, baby be my love today
And forever and ever, ayee
Oh, baby be my love
Oh, baby 'cause you're all I want
Oh, baby be my love today
And forever and ever, ayee

You came over and fell asleep
For what seemed like eternity
You came over and fell asleep
Well I could do better, but I'm in deep so...

Oh, baby be my love
Oh, baby 'cause you're all I want
Oh, baby be my love today
And forever and ever, ayee
Oh, baby be my love
Oh, baby 'cause you're all I want
Oh, baby be my love today
And forever and ever, ayee
