

## Too Fast

X Lovers

Hey, watcha say?  
What's your play?  
We should stay right now  
It's a beautiful day  
At the house by the bay  
Right now

Come a little closer  
We got all night long  
Come a little closer, baby  
Put on your favorite song  
You know I'm...

Falling in love and I'm fallin' too fast  
I like what we have and I want it to last  
No matter when, whatever time, you know  
You're always perfect, right?  
And I'm falling in love and I'm fallin' too fast  
Woah, ooh woah, ooh woah

Will you meet me there?  
Anywhere, I do not care  
I said, will you meet me there?  
By the bay in summer air  
Will you meet me there?  
Anywhere, I do not care  
I said, will you meet me there?  
'Cause I don't want another love

Falling in love and I'm fallin' too fast

You're always perfect, right?
