

# A Neverending Dream

X-Perience

A never ending dream, a dream of you

I'm waiting for the night, drifting away  
On the waves of my dreams  
To another day  
I'm standing on a hill  
And beyond the clouds  
The wind is blowing still  
And catching my doubts

A never ending dream, a dream of you  
I believe I receive a sign of you  
Tonight I wanna hide my feelings too  
As you do and I wanna be with you

I'm hunting all the night  
The slave to my dream  
An illustrated scene  
Ascends in the steam  
If playing full of vice  
Our emotional game  
I'm turning off my eyes  
And hiding my shame

A never ending dream, a dream of you  
I believe I receive a sign of you  
Tonight I wanna hide my feelings too  
As you do and I wanna be with you

I'm watching all the flowers dying away  
In heated breath of life  
At the dawning day  
I'm waking up in spring  
And kissing your face  
A sweet and burning thing  
I feel your embrace

A never ending dream, a dream of you  
I believe I receive a sign of you  
Tonight I wanna hide my feelings too  
As you do and I wanna be with you  
As you do and I wanna be with you

I believe I receive a sign of you  
As you do and I wanna be with you
