I'll Kill You EP 1985
Howling wolf prowling around in the broken city
His gray crows want victim for own desire
People who lost their dream passing by him
The tusk of him hunger for blood is ready to strike
Voice sound under the ground
Is there chuckle of the gods?
Howling wolf prowling around in the broken city
He don't afraid the death of him that may come tomorrow
People who lost their dream passing by him
When his eyes shine at the victim he attack to them
Fire grow up from the ground
