

Sweet Til The Bitter End

X

Only renting
Only subletting
Fences mending
Just pretending
Reality bending
Signal sending
Patent pending
Just inventing

Let's go round the bend
Get in trouble again
Make a commotion
Drink a love potion
And then, and then
And then, and then

Sweet 'til the bitter end
Sweet 'til the bitter end
Sweet 'til the bitter end
Sweet 'til the bitter end

Season ending
End over ending
Always defending
Always preventing
Another beginning
Forever spinning
Ain't no winning
But we ain't sinning

Let's go round the bend
Get in trouble again
Make a commotion
Drink a love potion
And then, and then
And then, and then

Sweet 'til the bitter end
Sweet 'til the bitter end
Sweet 'til the bitter end
Sweet 'til the bitter end

Sweet 'til the bitter end
Sweet 'til the bitter end
Sweet 'til the bitter end
Sweet 'til the bitter end
